Re: MAH-SR7.10.25, PID 114736

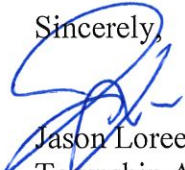

Dear Mr. Carpenter:

On September 27, 2021, at the Boardman Township Board Meeting, approximately 30 residents spoke under public comment that they opposed the current plan for building a cul-de-sac on Brookwood Road. The concern is that traffic will be directed into the historic Glen neighborhood. The Glen Neighborhood Association is requesting an in person meeting with ODOT officials to discuss this project.

The Board of Boardman Township Trustees also wants to reiterate that the township is not and has never been in support of this project. The removal of the Brookwood Road access from the intersection at Market Street will cause delays for our police and fire safety services and will place our residents in jeopardy. The township can only support a “no build” option or Option 2 which would relocate Brookwood Road to the north.

Please let us know when the in person meeting will be held. You may use our large meeting room at the Township Government Center. Thank you in advance for your cooperation in this matter.

Sincerely,

Jason Loree  
Township Administrator
